

Going on Toxicator with step free access

 Toxicator is a
 
 spiny
 
 ride
 
 that goes
 
 upside down.
 
 If I
 
 want to

 go
 
 on
 
 Toxicator
 
 then I can
 
 follow the
 
 steps:

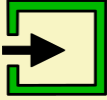

1
 check
 
 the
 
 ride
 
 restrictions
 
 and
 
 sensory
 
 levels
 
 for
 
 Toxicator

 Before
 
 going
 
 on
 
 Toxicator
 
 it is important
 
 I
 
 check
 
 the

 ride
 
 is a
 
 good
 choice
 
 for
 
 me.
 
 I
 
 do this by
 
 looking at
 
 the

 ride
 
 restrictions
 
 and
 
 sensory
 
 level
 
 boards.
 
 I have
 
 to
 
 check

 to make sure I'm safe on the ride and following the rules.

 2 find the ride access pass or step free entrance.

 Now I need to find the ride access pass entrance. I will

 join the ride access pass queue. I may have to wait

 in a short queue but I can remember to use my

 strategies to help me.

3 Show my ride access pass and time card

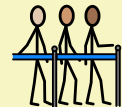

A staff member will check my ride access pass and sign my

at the front

of the

time card when I'm at the front of the ride access pass queue.

but

to

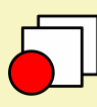

I can go on Toxicator now but I need to wait until

the time on my card to go on more rides.

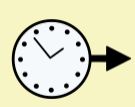

4 Go to the ride station

of the

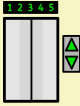

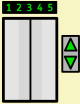

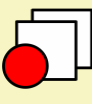

it

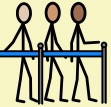

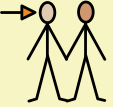

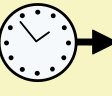

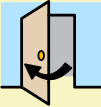

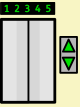

be

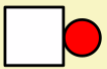

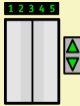

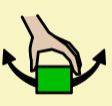

When I'm at the front of the ride access pass queue it will be

 my turn
  to go
  up to the
  ride
  station.
  I
  must
  let
  the

 staff member
  know
  I
  need
  the lift
  when
  I'm
  at the front

 of the queue
  and
  they
  will
  open
  the lift
  for me.
  If

 I have
  a mobility scooter
  it
  can't come
  in
  the lift
  but
  there

 is a wheelchair
  next to
  the lift
  I can
  borrow.
  My
  wheelchair

 can
  come in
  the lift
  as well as
  1
  carer.
  The other people

 in
  my
  group
  can
  go up
  the stairs
  and
  meet
  me

 at the top.
  I
  must
  remember
  to
  keep
  the button pressed
  or

 the lift
  will
  stop.

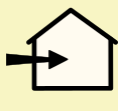

5 Get on Toxicator

Now

I'm

in

the

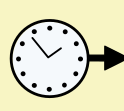

ride

station

I

will

listen

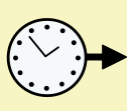

to the

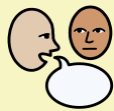

staff

who

will

tell

me

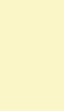

what

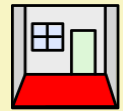

number

on

the

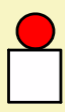

floor

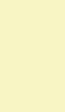

to

stand

on.

If

I

need

step free

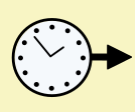

access

then

I

will

go to

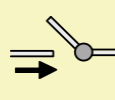

number

1.

When

the

gate opens

it's

my turn

I can

put

my

bag

down

and

take

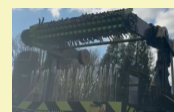

my

seat

on

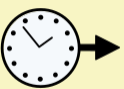

Toxicator.

The

staff

will

pull

down

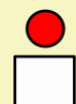

and

check

my

over

the

shoulder

restraint

to

keep

my

safe

on

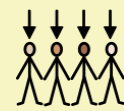

the

ride.

Once

everyone

is

on

Toxicator

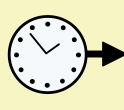

safe

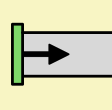

the

ride

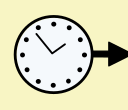

will

start.

Toxicator

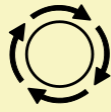

will

go round

+

and

round

+

and

upside down.

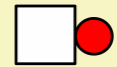

I

might

get wet

by

the

fountains

on

Toxicator.
