

  
Going on Toxicator with ride access pass

  
 Toxicator is a spiny ride that goes upside down. If I want to

  
 go on Toxicator then I can follow the steps:

  
 1 check the ride restrictions and sensory levels for Toxicator

  
 Before going on Toxicator it is important I check the

  
 ride is a good choice for me. I do this by looking at the

  
 ride restrictions and sensory level boards. I have to check

 to make sure I'm safe on the ride and following the rules.

 2 find the ride access pass entrance.

 Now I need to find the ride access pass entrance. This is located

 next to the main entrance. I will join the ride access pass queue.

 I may have to wait in a short queue but I can

 remember to use my strategies to help me.

3 Show my ride access pass and time card

A staff member will check my ride access pass and sign my

time card when I'm at the front of the ride access pass queue.

I can go on Toxicator now but need to wait until the

time on my card to go on more ride.

4 go to the ride station

When I'm at the front of the ride access pass queue and my

time card

has been

signed

it

will

be

my turn

to go

to the

ride

station.

I will

go

with

my group

up

the

stairs.

5

get on

Toxicator

Now

I'm

at

the

ride

station

I

will

listen

to the

staff

who

will

tell

me

what

number

123

on

the

floor

to

stand

on.

When

the

gate opens

it's

my turn

I can

put

my

bag

down

and

take

my

seat

on

Toxicator.

The

staff

will

pull

down

and

check

my

over

the

shoulder

restraint

to

keep

me

safe

on

the

ride.

Once

everyone

is

on

Toxicator

safe

the

ride

will

start.

Toxicator

will

go round

and

round

and

upside down.

I

might

get

wet

by

the

fountains

on

the

ride.
