

Ear Defender

Changes

Social Story

There have been some changes to when I can wear my

ear defenders

on

rides

at

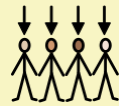

Alton Towers.

This will

help

keep

everyone

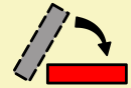

safe

if my

ear defenders

fall off

on

the ride.

On

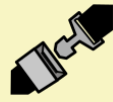

rides

with

no

restraints,

like

Rapids

and

In The Night Garden Boat ride

I can

wear my

ear defenders.

On

rides

with

lap

bars,

like

Wicker Man

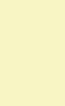

and

Bluey,

 I will need to have a special strap on my ear defenders.

 Ride staff will give me a strap before I get on the ride.

 The strap will go on my ear defenders and clip to my

 clothes.

 If I want to go on rides with an over the shoulder restraints like

 The Smiler or Nemesis Reborn, I need to take my ear defenders off.

 My ear defenders will be safe in the ride station.

 I can put my ear defenders back on when I get off the

 ride.

This is a big  change and I  will hear  more noise  but

I can  cover  my  ears  with  my  hands.
